2. enabling the source side to turn off or on the remote TV/Monitor (the IR eye would be connected at the source).

## Connecting the IR

Use the Diagram for the IR connection.

## Installation Instructions

### Connecting the Transmitter

1. Connect the IR LED to the IR window on the source device.
2. Connect power supply to the unit. Observe LED lighting up indicating power present.

### Connecting the Receiver

- Connect IR LED to the IR window on the source device.
