1 Introduction

Welcome to Kramer Electronics! Since 1981, Kramer Electronics has been providing a world of unique, creative, and affordable solutions to the vast range of problems that confront the video, audio, presentation, and broadcasting professional on a daily basis. In recent years, we have redesigned and upgraded most of our line, making the best even better! Our 1,000-plus different models now appear in 11 groups¹ that are clearly defined by function.

Congratulations on purchasing your Kramer **RK-1** rack adapter, which is ideal for mounting combinations of several 1U Kramer products in a 19" rack. These include half-19" 1U units, 1/4-19" 1U units, 1/8-19" 1U units and separately, up to two 6.5"-1U units.

The package includes the following items:

- **RK-1 Rack Adapter**
- Additional mechanical parts (blank panel², screws, nuts and so on)
- This user manual³

2 Getting Started

We recommend that you:

- Unpack the equipment carefully and save the original box and packaging materials for possible future shipment
- Review the contents of this user manual

3.1 Recommendations for Best Performance

We recommend that you:

- Have a Philips screwdriver and an Allen screwdriver available
- Disconnect the mains voltage and all cables connected to each machine that is being mounted in the rack adapter before proceeding with the installation
- Connect only good quality connection cables, thus avoiding interference, deterioration in signal quality due to poor matching, and elevated noise levels (often associated with low quality cables)
- Avoid interference from neighboring electrical appliances and position your rack adapter on the rack away from moisture, excessive sunlight and dust

² Use when mounting one unit

4 Your Kramer RK-1 Rack Adapter

The example in Figure 1 illustrates the mounting of:

- One half-19" unit (for example, the Kramer **VM-9T**)
- One 1/4-19" 1U unit (for example, the Kramer MultiTOOLS® **104B**)
- Two 1/8-19" 1U units (for example, two Kramer MultiTOOLS® **PS-1DVI**)

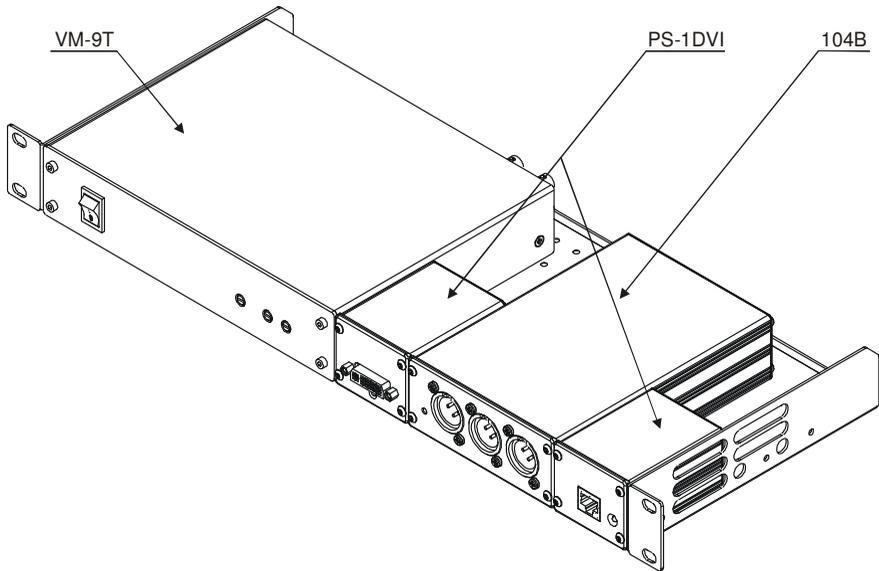

Figure 1: RK-1 Rack Adapter

You can order additional blank panels to cover a 1/4-19" 1U opening¹ and/or a 1/8-19" 1U opening² on the **RK-1**

5 Mounting on the Kramer RK-1 Rack Adapter

The **RK-1** underside includes a set of screw holes that are suitable for any combination of units to be mounted.

To mount the units on the **RK-1**, as illustrated in Figure 1, do the following:

1. Place the first unit on the rack (for example, the Kramer **VM-9T**).
2. Hold both the **VM-9T** and the **RK-1** with your hands and turn them upside down.
3. Insert and the appropriate amount of screws through the holes on the **RK-1** that fit the holes on the underside of the **VM-9T**, using the M3x5 screws supplied with the unit (as illustrated in Figure 2).
4. Tighten the screws.
5. Rotate the **RK-1** horizontally with the unit connected.
6. Place the next unit (for example, the Kramer **PS-1DVI**) next to the unit that is already mounted.
7. Repeat steps 2 to 6 for each other unit.

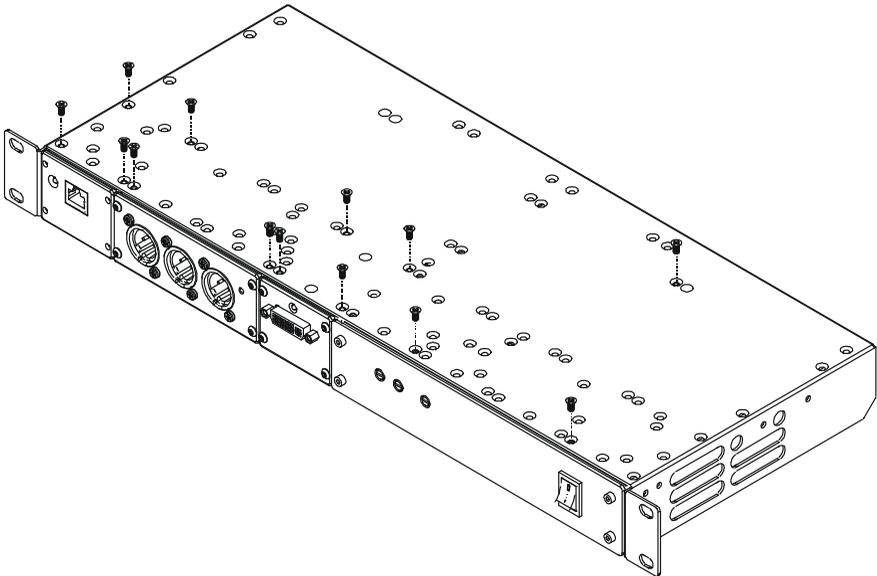

Figure 2: RK-1 Rack Adapter – Underside

5.1 Mounting Units that do not have Underside Screw Holes

Some Kramer machines do not have screw holes on the underside, which fit the holes on the **RK-1**. These machines (for example, the **VP-5xl**¹ or the **VA-50P**²) are connected via the screw holes on the sides of the **RK-1**.

To mount the units on the RK-1 as illustrated in Figure 3 and Figure 4 (**VP-5xl** and the **VA-50P** respectively), do the following:

1. Unscrew the two M3x6 screws from the side panel of the unit (for example, the Kramer **VP-5xl** or the **VA-50P**), which will be attached to the side panel of the **RK-1**.
2. Place the unit on the rack (for example, the Kramer **VP-5xl** or the **VA-50P**), adjacent to the inner side panel of the **RK-1**.
3. Insert the two M3x6 screws through the holes on the side panel of the **RK-1** that fit the holes on the side panel of the unit (as illustrated in Figure 3 and Figure 4).
4. Tighten the screws.

5.2 Connecting a Blank Panel to the RK-1

You can connect a blank panel¹ to the **RK-1** to cover any empty spaces, as the example in Figure 5 illustrates:

LIMITED WARRANTY

Kramer Electronics (hereafter *Kramer*) warrants this product free from defects in material and workmanship under the following terms.

HOW LONG IS THE WARRANTY

Labor and parts are warranted for seven years from the date of the first customer purchase.

WHO IS PROTECTED?

Only the first purchase customer may enforce this warranty.

WHAT IS COVERED AND WHAT IS NOT COVERED

Except as below, this warranty covers all defects in material or workmanship in this product. The following are not covered by the warranty:

1. Any product which is not distributed by Kramer, or which is not purchased from an authorized Kramer dealer. If you are uncertain as to whether a dealer is authorized, please contact Kramer at one of the agents listed in the Web site www.kramerelectronics.com.
2. Any product, on which the serial number has been defaced, modified or removed, or on which the WARRANTY VOID IF TAMPERED sticker has been torn, reattached, removed or otherwise interfered with.
3. Damage, deterioration or malfunction resulting from:
 - i) Accident, misuse, abuse, neglect, fire, water, lightning or other acts of nature
 - ii) Product modification, or failure to follow instructions supplied with the product
 - iii) Repair or attempted repair by anyone not authorized by Kramer
 - iv) Any shipment of the product (claims must be presented to the carrier)
 - v) Removal or installation of the product
 - vi) Any other cause, which does not relate to a product defect
 - vii) Cartons, equipment enclosures, cables or accessories used in conjunction with the product

WHAT WE WILL PAY FOR AND WHAT WE WILL NOT PAY FOR

We will pay labor and material expenses for covered items. We will not pay for the following:

1. Removal or installations charges.
2. Costs of initial technical adjustments (set-up), including adjustment of user controls or programming. These costs are the responsibility of the Kramer dealer from whom the product was purchased.
3. Shipping charges.

HOW YOU CAN GET WARRANTY SERVICE

1. To obtain service on you product, you must take or ship it prepaid to any authorized Kramer service center.
2. Whenever warranty service is required, the original dated invoice (or a copy) must be presented as proof of warranty coverage, and should be included in any shipment of the product. Please also include in any mailing a contact name, company, address, and a description of the problem(s).
3. For the name of the nearest Kramer authorized service center, consult your authorized dealer.

LIMITATION OF IMPLIED WARRANTIES

All implied warranties, including warranties of merchantability and fitness for a particular purpose, are limited in duration to the length of this warranty.

EXCLUSION OF DAMAGES

The liability of Kramer for any effective products is limited to the repair or replacement of the product at our option. Kramer shall not be liable for:

1. Damage to other property caused by defects in this product, damages based upon inconvenience, loss of use of the product, loss of time, commercial loss; or:
2. Any other damages, whether incidental, consequential or otherwise. Some countries may not allow limitations on how long an implied warranty lasts and/or do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights, which vary from place to place.

NOTE: All products returned to Kramer for service must have prior approval. This may be obtained from your dealer.

This equipment has been tested to determine compliance with the requirements of:
