

RK-CAMPUS Quick Start Guide

This guide helps you install and use your **RK-CAMPUS** for the first time. For more detailed information, go to <http://www.kramerav.com/manual/RK-CAMPUS> to download the latest manual or scan the QR code on the left.

Step 1: Check what's in the box

RK-CAMPUS 19" 2U Rack Adapter including:

- ✓ 1 Pan bracket (2630-000910) (2)
- ✓ 1 Top bracket (2732-400514) (3)
- ✓ 2 Washers (2724-000006) (7)
- ✓ 2 Screws (2724-000408) (7)
- ✓ 2 Cable ties (2559-810013) (4)

Step 2: Assembly and Installation Procedure

1. Place the **VIA Campus** (1) into the pan bracket (2) with the front of the **Via Campus** (1) toward the opening of the faceplate. Make sure all air vents (8) remain open and unblocked.
2. Place the top bracket (3) over the **VIA Campus** (1). Place a washer over each screw and screw the top bracket to the pan bracket from the underside of the pan bracket (7) keeping the faceplate of the device flush with the opening.
3. With the AC power connector facing toward the back, locate the **VIA** power supply (5) to the side of **VIA Campus**.
4. Attach the power supply to the pan bracket using 2 cable ties (4).
5. Plug the DC power cord (9) from the power supply to the DC connector on the back of the **VIA Campus**.
6. Screw the final assembly into a 19" 2U rack using the holes on the outside of the faceplate (6).
7. Connect an AC power cord from the back of the power supply to the mains.
